❯ **10th grade**          **2016-2017**
*Radha Krishna Public School (92%)*

## NON-INDUSTRIAL EXPERIENCE

❯ **Student**          **2019-Present**
*ABES Institute of Technology*

- I have done certification in web development and worked on responsive websites like **Tindog website, Online data submit form, weather app detection, etc.**
- I made interesting games like
1. **Dice Challenge** with the help of JS, HTML, and CSS.
2. **Drum Kit** through JS, HTML, and CSS.
3. **Intro website** through **jQuery.**
4. **Simon Game** with the help of AJAX.
- I've worked with frameworks like **Bootstrap, jQuery**, and, **React,** the frontend library.
- In addition, I am engaged in a machine learning project called "Recogniti*on of Parkinson's Disease* using AI" and as a mini project i also worked on "Uber Data Analysis using ML".
- In 2022, I took part in the Smart India Hackathon.

## CERTIFICATIONS

- Tata Imagination Challenge 2022
- CODEBYTE coding competition
- Reliance Quiz-a-thon 6.0
- Model Presentation
- Poster making
- NPTEL online certifications
